- 10,388 calls

**Flu Shots Administered**
- 8,877 shots

**Proactive Community Testing**
- 138,154 tests administered

**Because of the global COVID-19 pandemic and remote learning,**
UHS saw fewer patients during the 2020-2021 year compared to previous years.
NEW INITIATIVES

**Campus Wide COVID-19 Vaccine Distribution**
In partnership with several on-campus departments and entities, UHS staff assisted with these efforts throughout the COVID-19 pandemic.

**Now Offering the Initiation of Gender Affirming Hormone Therapy**
UHS is proud to now provide this service. Additionally, all UHS medical providers receive ongoing training specifically related to LGBTQIA+ healthcare.

**Shifted Quickly to Offer Telehealth Services**
Because of the COVID-19 pandemic, UHS swiftly and efficiently transitioned from an all-in-person service model to start offering services by telehealth, expanding our ability to meet the healthcare needs of UT students regardless of their location in Texas.

**Created and Staffed the COVID-19 Designated Respiratory Clinic (DRC)**
This critical unit was pulled together in a short amount of time. UHS staff worked tirelessly to test and treat students with COVID-19 symptoms and those who tested positive for the virus.

**Created, Launched andStaffed the Proactive Community Testing Program for Asymptomatic COVID-19 Testing**
This program allowed current UT students, faculty and staff to get free asymptomatic COVID-19 tests throughout the pandemic. The team worked tirelessly with key campus departments including the UT Austin High Throughput Testing Core and university leaders to quickly and nimbly adapt many aspects of the program as local and national demands changed.

OUR STAFF ARE UNIQUELY POSITIONED TO MEET STUDENTS’ NEEDS

3,425 sessions
OUR SERVICES HELP LONGHORNS FLOURISH

While CMHC continues to offer high-quality, individual counseling appointments, we are proud to offer other services that meet the different needs of our students, faculty and staff.

MHART (Mental Health Assistance and Response Team)
In partnership with several other departments on campus, launched the first-ever Mental Health Assistance and Response Team. The pilot program unites mental health professionals and specially trained law enforcement officers in the UT Police Department who will respond to members of the UT community who are experiencing mental health crises.

Expanding Our Staff
Hired several additional clinical staff including 3 new CARE counselors, 4 new generalist counselors and 4 new case managers and hired several clinical support staff including an Assistant Director of Marketing and Communication, a Peer Support Coordinator and a Data Analytics Researcher.

Online Bookings
Allowed students to book appointments with the Brief Assessment and Referral Team online.

My SSP (Student Support Program)
The program provided the following services to students who were located domestically (but outside of Texas) and internationally during the pandemic:
• 24/7 real time chat and phone support in 5 core languages: Mandarin, Cantonese (Simplified, Chinese text), Latin American Spanish, French and English.
• Virtual single sessions and scheduled counseling sessions. 200 languages and 160+ countries supported.
• Access to an extensive digital content library.

OUR STAFF UNDERSTAND WHAT IT MEANS TO BE A COLLEGE STUDENT TODAY
